## Accessible Campsite

The Access Team: Katie, Carla, Izzy, Danny and Leila. have all been working in head office planning for the festival.

We encourage our customer to report any issues, big or small, whilst at the festival, we are always available for a chat, and where possible, we will try and find solutions to problems. (Image: Tents side by side in a line facing a row of tents side by side)

**Campsite Layout:** To ensure safe and spacious camping this year we will be implementing lined camping in the Access Campsite.

This means that tents must be placed in parallel rows within pre-allocated pitch size, kept in line by marked lanes to keep the fire lane clear. We understand change affects some of our customers, however, this is vital to ensure that we are keeping everyone as safe as possible, whilst including all of the Accessible Customers that wish to join us.

Staff will be available to help you best position yourself and answer any questions you may have.

Please see picture for example of lined camping.

Please note staff may move guide ropes, whilst your neighbours pitch next to you. Guide ropes will still have tension to support your tent, however, may be shortened to make room.

Your understanding is greatly appreciated while we get everyone in.

**Campsite Manager:** We have Campsite Managers on duty from Wednesday – Monday, providing cover 24 hours a day. Please do not hesitate to ask them any questions or advice on anything you are unsure of and report any issues to them – big or small.

**Campsite Stewards:** We have campsite helpers known as CATS roaming the campsite, helping unload luggage and assisting the campsite managers.

During busier arrival times the helpers may be assisting other customers.

Please note they are there to assist the Accessible Customers where required, they are not there to erect tents or carry additional party members luggage or beer!

Please be mindful and respectful of this.

**Campsite Security:** Security are based in the Campsite 24 hours a day. They are easily identifiable by the coloured, numbered tabards they wear. If you require any assistance, please do not hesitate to ask them.

**Gazebo & Fire Lane:** Please respect that we do not allow gazebos into the Access Campsite. Our space is very restricted due to our location and proximity to the Arena. We want to be able to accommodate as many accessible customers and their guests as possible, so please be mindful of the size tent you are bringing.

**Please do not camp in access or fire lane, if you do your tent will be moved.**

**Campsite Information Point:** Attitude is Everything work closely with Festival Republic to improve disabled peoples' access to live music. They will be running the Information Tent in the Disabled Access Campsite. Pop in and say hello!

# To The Personal Assistant

Please make sure you pass this Access Guide on to your Personal Assistant!

Welcome to the festival. We want to highlight a few points to help you enjoy your festival experience as a P.A.

You are attending the festival to accompany and assist the person who chose you as their P.A.

Should it become apparent you are not carrying out this role we have the right to eject you from the festival.

What is expected of a P.A:

- It is important you are willing and able to assist and help with the required needs of the person who chose you as their P.A throughout the festival.
- You need to be available and able to help them in an evacuation or emergency.

Tips for an enjoyable experience:

- Familiarise yourself with the facilities and meet the Access Team.
- If you encounter any problems, you can contact the Access Team who will try to find solutions.
- Check the weather beforehand and wear appropriate clothing.

## Being Green at Leeds Festival

### CARBON EMISSIONS

Climate change requires urgent action. We are already seeing the affects take place, with coral reefs dying, flash floods, and severe droughts. We can no longer ignore the damaging effects we're contributing to our planet. However instead of worrying about the future, we can start making it better if we work together! We have a responsibility to protect this environment. #NoLeedOnADeadPlanet

Leeds Festival has signed up to Vision Festival 2025, we are committed to reducing our carbon emissions by 50% by 2030. We measure the carbon emissions of the festival every year and have set annual targets to reduce our emissions.

(Image: Festival Vision 2025 sticker)

### SINGLE USE PLASTIC

As part of our commitment to reduce our reliance on plastic.

Here's what we've put in place to reduce single use plastic at Leeds:

- We have banned single use plastic cutlery and serveware for over ten years – everything from our traders is compostable.
- Leeds-branded refillable water bottles are available to buy at the merch stalls. Please refill yours at the taps provided.
- Look out for our Pepsi Max soft drink outlets, where you can avoid plastic bottles or cans completely.
- All water and soft drinks are served in cans or paper cups.
- We do not provide bottled water as standard to crew or in our dressing rooms. Instead, we provide water stations back of house to enable reusable bottles to be refilled.

Here's how you can help towards removing single-use plastic at the festival:

- Please remember to bring your own refillable bottle, everywhere you go!

There are plenty of refill at the arena water stations and campsite. Don't worry if you forgot to bring one, they are also available for sale in the merch stalls.

- Please remember your reusable coffee cups!

Coffee stalls are not allowed to provide plastic coffee lids; while some will provide compostable lids, others have opted for no lids. Most drinks will be decanted into paper cups or served in a can so we can manage the plastic and can disposal responsibly. If you require a lid then we recommend you bring your own cup with lid.

- Remember your reusable straw if you require one

Single use plastics have been banned from being sold or served in the arena since 2009. Plastic straws will not be available at the festival. Reusable silicon and metal alternative are a great alternative.

## WATERREFILLS

TAP WATER IS FREE. Join the #refillrevolution

(Image: Refill Sticker)

Please feel free to refill your bottles at the taps provided.

## CUP, BOTTLE, & CAN REFUND POINT LOCATIONS

Deposit Refund Points can be found at Bars 2 and 4.

All the bottles sold in the arena contain recycled plastic content.

All paper cups and bottles bought in the arena have a 10p refundable deposit which can be refunded in cash or on card. The minimum return amount is 5 cups or bottles for 50p return.

All cans bought in the arena have a deposit of 10p, which will be refunded to you if you bring a minimum of 2 back.

5 x bottles = 50p

5 x cups = 50p

2 x cans = 50p

Visit the refund point before 22:00 on Sunday night to avoid disappointment.

Before returning, empty all contents, no crushed or broken cups, bottles, or cans.

(Image: Two customers with a cup tower)

### THREE BIN SYSTEM

We run a Three bin system at the festival, which means every bin station will be formed by the following 3 bins:

#### COMPOSTABLE

When you buy food from the traders, all packaging your food is served in is compostable; plates, cutlery, and napkins can all go in the compost bin along with any food scraps.

#### CANS & BOTTLES AND CUPS

All plastic bottles, clean plastic containers, aluminium cans, and tins can go in here.

#### EVERYTHING ELSE

There should be minimal waste left over for this bin. This includes soft plastic, crisp packets, wet wipes, chewing gum, greasy pizza boxes and extinguished cigarette butts.

Head over to the campsite manager caravan for more info. From Sunday, you will also be able to donate any unopened, non-perishable food to any AIR location.

## RECYCLING REWARDS

Our green team will be handing out clear bags in the campsites and they're also available to grab at the recycling points. Take your rubbish to a recycling station to sort for a chance to win some great prizes!

(Image: Campsite recycling rewards poster)

## TAKE YOUR TENTS HOME

Massive thank you to last years access campers for leaving your camp so clean and green! So lets do it again and say no to single use, take your tents and camping equipment home with you. The majority of abandoned tents end up being incinerated because it is impossible to recycle or reuse them all. If you have any broken tents or chairs, please place them in the non-recyclable bin at the recycling points.

Any unopened tins of food can be donated at the AIR Hubs in the campsite.

## BIN YOUR BUTTS

Cigarette butts and vapes are very harmful to the environment as they release toxins into the ground and are often digested by the birds and deer that live on the grounds. Every cigarette butt and vape must be picked up by hand, so it'd be awesome if you didn't flick your cigarette.

## EVERYTHING IS POSSIBLE

Providing opportunities for disadvantaged young people from around the world, Everything is Possible are helping reduce waste and increase recycling at Leeds Festival with a passionate team of Green volunteers.

### **YOUTH CLIMATE JUSTICE COALITION**

We will be joined again by the Youth Climate Justice Coalition pink bus! The group consists of Climate Live, Fridays For Future, Teach The Future, and XR Youth.

Make sure to visit them in the Campsite Village. They will be putting on a great show with their own special guests, and DJs. Some of the main youth climate justice groups in the country have joined together to spread their message at festivals. They will be talking about their campaigns, their experiences and how you can support.

(Image: Climate Live double decker bus – with ‘CAN YOU HEAR US YET’ written along the side)
